NEW Air AT HOME
The thinnest line ever.
Axolute Air

Air

Thin like no other

FEATURES

- 3.5mm thinness
- Efficient lines
- Axolute glossy key: white, tech and anthracite
Better value for money than ever before

FEATURES

- 4.5 mm thinness
- Curved lines which blend with the wall
- Livinglight satin key: white, tech and anthracite
New finishes: SOFT

Exclusive matte finishes that perfectly match with current interior design trends.

**FEATURES**
- Surface: matte/silk
- Material: zamak
- Feeling to the touch: delicate velvet effect
New finishes: BRUSHED

Brushed, a BTicino classic:
updated following the most advanced aesthetic.

FEATURES
- Surface: satin and gently brushed
- Material: zamak
- Feeling to the touch: metal

SUGGESTIONS FOR USE.

THE Axolute Air MATT WHITE –AW- and Livinglight Air PURE WHITE –BN- cover plates can also be painted.

PAINTING
Before painting with house paint, the surface should be sanded/matted for better adhesion. Resin-rich products (e.g. water-based varnishes) should be used.

Notes
- Do not paint the devices [keys, sockets, etc.]
- Paint the cover plate separately and mount it when it is dry

CLEANING THE COVER PLATE
Water-based detergents should be used. Using ethyl alcohol or other solvents which could damage or soften the paint is not recommended.

How to install Axolute Air

Steps

1. Use standard boxes

Item codes

503E
(see the catalogue for the box codes in the other modular concepts)

2. Use the AXOLUTE AIR dedicated supports

H4703W - H4704W - HA4706W - H4726W

3. Use the new AXOLUTE axial controls to keep perfectly flat the light point

1P 10 AX 250 Vac switches
HD4001N
HC4001N
HS4001N

1P 10 AX two way switches
HD4003N
HC4003N
HS4003N

1P (NO) 10 A 250 Vac pushbuttons
HD4005N
HC4005N
HS4005N

All codes in the catalogue

4. Then complete the system with all the functions of the AXOLUTE catalogue

See following pages for the cover plate range codes

5. Finish the work by mounting the AXOLUTE AIR cover plates

Product news

NEW AXIAL SWITCH
Reduced depth. Superior ergonomics.

MORE FUNCTIONAL
Less working strength required for the activation: 5N instead of 9N.

MORE ERGONOMIC
Less working distance for activation: 2.2 mm instead of 3.5 mm.

MORE QUIETLY
Reduction in the perceived noise. For 1-way and 2-way switches.

THE THINNEST EVER
The new axial switch takes up the least space in the box:
- 30% the size of the old axial
- It is easy to install, in new systems and in refurbishments even with boxes full of cables.

Available space with the current axial

Available space with the new axial

RECOMMENDED FOR: all AIR installations

Product news

FLAT SOCKET
Perfect aligment.

FEATURES
- Everything is aligned with the switches and the cover plate.
- Movable wall aligned with the body. It follows the plug while inserting and become again flat when removed.
- Backlit holes.
- Earth contacts always protected for greater safety.

PERFECT FLATNESS
of the switch both even with the German/Italian standard sockets, in line with the sophisticated and prestigious appearance of AIR range

MORE PRACTICALITY
the simplicity to find the holes makes easy plugging in. Suitable for all the types of plugs used in Italy.

MORE CLEANLINESS
because dust and grease do not accumulate inside the sockets
MORE SAFETY

The flat socket guarantees more safety and protection than all the other sockets on the market thanks to:

- greater distance between movable wall and contacts when the plug is not inserted (the movable wall only lowers when the plug is plugged in)
- safety system which prevents people putting foreign objects into the plug entrance holes
- the movable wall returns to its original position on removing the plug, thus activating the safety system
- earth contacts always protected.

CATALOGUE

FLAT socket

FLAT socket German and Italian standard. When the plug is inserted the socket surface slides inside the casing; it returns to its initial position when the plug is taken out. Socket 2 P+E 16 A 250 Va.c. - 19 and 26 mm centre distance in 2-centre configuration - protected tulip contacts; side earth contact for German standard plugs; suitable for: Italian standard plugs 2P and 2 P+E 10/16 A, and 16A, German standard plugs 2P+E 16 A. 2 module

NEW INDUCTION AND USB CHARGERS
Faster charging and maximum flexibility for all uses.

MORE SOLUTIONS FOR ANY ROOM
The USB chargers, suitable for smartphones, Mp3 players, navigators, tablets etc., guarantee a fast charge and greater power, adapting perfectly to the energy requirements of latest-generation batteries.

Moreover, thanks to the variety of chargers proposed in the catalogue, they guarantee maximum flexibility of use, adapting to every need and every room.

**SUITABLE** for all rooms thanks to their small size. Recommended in the bedroom or kitchen.

**WHEN** you have several telephones to charge or you need a rapid charge. Ideal for the living room or office.

**RECOMMENDED** on the kitchen worktop, in the living room, hotel ... Thanks to the support and induction charge.
FLEXIBILITY OF USE

From the private home to the office, from the hotel to common areas BTicino USB chargers satisfy modern charging needs for every device.

For the quick charge of smartphones and tablets. Allows you to free up sockets.

For wireless induction charging of devices fitted with suitable receivers. Also has a USB 2,400 mA socket.

Circuit breaker with passive infrared ray movement sensor, suitable for all types of load including LED lamps – variable-threshold twilight circuit with possibility of exclusion – timing circuit to delay switching off adjustable from 30 seconds to 10 minutes - 2 A resistive / 2 A inductive relay output - 230 Va.c. power supply - 1 module

*Available in the second half of 2017

RECOMMENDED FOR: entrance, corridor, garage, walkways, public.
Product news

NEW REMOVABLE TORCH
Modern, Technological.

SAFE AND SIMPLE TO USE.
The new pull-out torch guarantees all the safety needed when there is a black-out, switching on automatically when there is a power cut. It has a push&pull pull-out system, so that it can be easily removed from the flush-mounting base.

CATALOGUE
Removeble torch

Removable and rechargeable torch with automatic ignition device. It turns on automatically in case of power failure - push & pull the extraction system (press and pull) complete with recharging base - white light LEDs with high luminous efficiency - ON / OFF switch and SPOT button to increase the brightness when needed - interchangeable batteries Ni-MH battery without memory effect - Autonomy of 2 hours - low consumption in stand-by 0.4W - Power 230 VAC - 2 modules

- **H4380N** Axolute
  supplied with neutral base and front cover plates in white, tech, anthracite colours

- **LN4380N** Livinglight
  supplied with neutral base and front cover plates in white, tech, anthracite colours

- **4380NB** Axolute - Livinglight
  spare battery for rechargeable torches

**RECOMMENDED FOR:** bedroom, living room, kitchen, corridor
Product news

LED LIGHTING
Comfort, energy saving and safety.

**NEW 1 MODULE SAFETY LAMP***

Prevention against black-Outs in minimum space
Thanks to its compact dimensions it is suitable for use in both the residential and service sectors.

It activates when there is a black-out and guarantees ample lighting for 2 hours.

**ENERGY SAVING TWO-WAY SWITCH**

An innovative and intelligent control:
works like a normal two-way switch (manual switching on and off of the light) but it can also switch the light off automatically if it is left on.

**DIRECTIONAL LAMP**

New directional step marker lamp.
Guarantees all the safety you need and at the same time allows you to create comfortable rooms.

**RECOMMENDED FOR:**
- bedroom, living room, kitchen, corridor, entrance, bathroom, storage room, hotel, offices.
- children’s bedroom, corridor, entrance.
- walkways such as stairs and corridors.
Two-way Energy Saving switch with presence detector. It works as a traditional 2 way switch (manual ON, manual OFF) but it will automatically turn off the light if it doesn’t detect any presence for 10 minutes.

IR detection range, 8 meters, 160° - it is suitable with all type of loads that can be mixed on the same line:
- 12-150W: halogen or resistive loads
- 2-150VA: lamps with electronic or ferromagnetic ballast
- 8-30W (or 650 mA): LEDs or CFLs

Particularly suitable for places where a light can stay switched on for a long time such as garage and cellar, children’s room, etc. No neutral wiring, 127-230V, 2 modules.

**CATALOGUE**

1 module safety lamp*

LED safety lamp with automatic operation when there is a power cut. 230 Va.c. 50/60 Hz – power consumption 2.5 VA (0.1 W) – rechargeable non-replaceable NiMH 3.6 V 140 mAh battery – complete charge in 48 hours - autonomy 2 hours - light intensity 2400 mcd – angle of emission 120° - not pull-out – 1 module

- **H4381** Axolute
- **LN4381** Livinglight

*Available in the second half of 2017

**Directional lamp**

Directional lamp that creates a directional and decorative lighting. It is recommended for installation in 30 cm from the ground - can be controlled by a standard switch or an electronic switch without neutral, by a dimmer or a circuit breaker with neutral - LED lamp - consumption 2.2W - Luminous Flux 70 Lumen - Duration: 50.000 hours - 2 modules

- **H4361** Axolute
  - supplied with neutral base and front cover plates in white, tech, anthracite colours
- **LN4361** Livinglight
  - supplied with neutral base and front cover plates in white, tech, anthracite colours

**Energy saving switch**

Two-way Energy Saving switch with presence detector. It works as a traditional 2 way switch [manual ON, manual OFF] but it will automatically turn off the light if it doesn’t detect any presence for 10 minutes.

IR detection range, 8 meters, 160° - it is suitable with all type of loads that can be mixed on the same line:
- 12-150W: halogen or resistive loads

Selection guide

1. Choose your wiring devices offer
2. Choose the function (e.g.: star socket, passthrough socket, satellite socket, etc.)

For Axolute and Livinglight, available in 3 different finishes (white, tech, anthracite), the color of the mechanism is no longer a problem, the product reference is always the same!
